The findings also stated the comparison chart did not disclose West's member firm, was not approved by a principal at the firm and it was not filed with NASD prior to its first use. In addition, West recommended the purchase of variable annuities to customers without reasonable grounds for believing that they were suitable for the customers upon the basis of the facts they disclosed as to their other security holdings and their financial situation and needs.

The suspension in any capacity is in effect from December 18, 2006, through April 1, 2007. (NASD Case #E3B2004021102)

## Decision Issued

The following decision has been issued by OHO and has been appealed to or called for review by the NAC as of the end of November. The NAC may increase, decrease, modify or reverse the findings and sanctions imposed in the decision. Initial decisions whose time for appeal has not yet expired will be reported in the next *Notices to Members*.

**Karen Jean Hill (CRD #1018669, Registered Representative, Saginaw, Michigan)** was suspended from association with any NASD member in any capacity for six months. The sanction was based on findings that Hill created false documents by having public customers sign blank switch forms, completing

the forms with the correct surrender charges and reasons for the switch and submitting them to her member firm as if the customers had executed the completed forms.

This decision has been appealed to the NAC, and the sanction is not in effect pending consideration of the appeal. (NASD Case #C8A20050060)

## Complaints Filed

NASD issued the following complaints. Issuance of a disciplinary complaint represents NASD's initiation of a formal proceeding in which findings as to the allegations in the complaint have not been made, and does not represent a decision as to any of the allegations contained in the complaint. Because these complaints are unadjudicated, you may wish to contact the respondents before drawing any conclusions regarding the allegations in the complaint.

**Iftikhar Ul Haq (CRD #4212059, Registered Representative, Toms River, New Jersey)** was named as a respondent in an NASD complaint alleging that he executed, or caused to be executed, transactions in a public customer's account without the customer's knowledge, authorization or consent. The complaint alleges that Haq exercised discretionary trading authority in the customer's account without obtaining the customer's prior written authorization and his member firm's written acceptance of the discretionary trading account. The complaint also alleges that Haq's trading activity in the customer's account was excessive in size and frequency in view of the customer's financial circumstances and investment objectives. The complaint further alleges that Haq executed or caused the transactions to be executed, without reasonable grounds for believing that the level of activity represented by the transactions was suitable based on the customer's financial situation, investment objectives and needs. (NASD Case #ELI2004026701)

**Jose Hernandez (CRD #1976668, Registered Representative, Cary, Illinois)** was named as a respondent in an NASD complaint alleging that he converted or misused \$4,100 from a public customer that was intended for the purchase of securities, and used the funds for personal expenses and not for the

customer's benefit. The complaint alleges that Hernandez created false account statements that purportedly showed that the customer owned securities to conceal from the customer that the money was not used to purchase securities. The complaint also alleges that Hernandez failed to respond to NASD requests for information. (NASD Case #2005001945401)

**Christopher David Solomon (CRD #4470012, Registered Representative, Treasure Island, Florida)** was named as a respondent in an NASD complaint alleging that he engaged in an outside business activity and failed to provide written notice to his member firm. The complaint alleges that Solomon received \$8,000 from a public customer for investment purposes, deposited the funds into a bank account he controlled but failed to transmit the funds from the bank account for the intended investment, thereby converting the customer's funds. The complaint also alleges that Solomon provided the customer with a false account statement in order to convince him that the investment had been made when, in fact, there was no such investment. In addition, the complaint alleges that Solomon failed to respond to NASD requests for information. (NASD Case #2006005220901)

**Richard Adam Thayer (CRD #4123272, Registered Representative, St. Clair Shores, Michigan)** was named as a respondent in an NASD complaint alleging that he withdrew \$2,000 from a public customer's bank account without the customer's knowledge or consent, and used the funds for his personal use or for some purpose other than the customer's benefit. The complaint alleges that Thayer converted funds from other customers, without their knowledge or consent, to cover up his use of the first customer's funds. The complaint further alleges that Thayer failed to respond to NASD requests for information. (NASD Case #2006005175401)
